

Cycling the Portuguese Camino de Santiago

Overview:

Cycle the Camino on a historical and spiritual trail through forests, farmland, historical towns and cities from Porto to Santiago de Compostela.

This self-guided cycling tour of the Portuguese Camino de Santiago follows the ancient pilgrim route from Portugal to northern Spain. Experience the natural beauty of the Minho and Galicia regions and discover their long histories as you ride between villages, towns and notable cities.

Cycling the Portuguese Camino de Santiago allows you to appreciate a glorious blend of greenery consisting of woodland, rivers, valleys, vineyards and fields interspersed with the architecture and age-old rural farming practices of traditional villages as well as charming cities and towns.

Sections of the Portuguese Camino share an ancient Roman road and you'll cross many a Roman bridge on your journey. To keep your energy levels up along the Camino, tuck into Portuguese and Spanish cheeses, traditional cured meats, the freshest of fish and seafood and locally produced wines.
